

**Life Cycle Benefits.**

When choosing PowerFoam R-Control insulation you are getting a material with built-in features that provide environmental benefits over other protective packaging products.

**Life Cycle Analysis.**

A life cycle analysis by InFo Kunststoff e.V. compared molded polystyrene to corrugated cardboard. The study quantified the energy use, global warming potential, air pollution, and water pollution associated with 1 cubic meter of molded polystyrene packaging or corrugated cardboard packaging.

**Results.**

**Summary.**

Results of the study clearly demonstrate the environmental benefits of Molded polystyrene packaging when compared to corrugated cardboard packaging.
